4 **STATEMENT OF FACTS**

5 I am a Senior Special Agent ("SSA") with the United States Department of Homeland
6 Security, Immigration and Customs Enforcement ("ICE") and am currently assigned to the Office
7 of the Assistant Special Agent in Charge, El Centro, CA ("ASAC/CA"), Cybercrimes division, and
8 have been in this position since December 2003. This complaint is based on my own investigation
9 as well as information received from fellow ICE Agents and other law enforcement officers.

10 Starting in or about April 2007, ICE agents conducted Internet searches for child pornography
11 videos being downloaded and shared on peer-to-peer file share networks. By June 2007, it was
12 revealed that child pornography videos were allegedly being possessed and distributed from the
13 residence of Jerry MORGAN: 1601 Drew Rd, Space 39, El Centro, CA. On July 17, 2007, a federal
14 search warrant for child pornography was executed at the MORGAN residence.

15 During the search, Special Agent Timothy Ballard conducted a non-custodial interview of
16 Jerry MORGAN's son, Nathan MORGAN. After Nathan MORGAN was advised of his Miranda
17 rights, to which he acknowledged and waived, he admitted to having downloaded child pornography
18 and to having masturbated to images of children as young as 8 years of age. One of the computers
19 seized and analyzed was a Gateway desktop, which was taken from Nathan MORGAN's bedroom
20 and which Nathan MORGAN claimed was his. It was to this computer that Nathan MORGAN
21 claimed to have downloaded the child pornography. The computer analysis revealed hundreds of
22 alleged child pornography videos/images contained on the computer. One of those videos was a file
23 titled "hussyfanPTHC_11yomanyorgasms!!!!!!", which is a video depicting naked prepubescent girls
24 engaged in masturbation. The children also fondle and perform oral sex on each other. The children
25 also speak to each other in what appears to be an Eastern European language.
